

## Senior Whole Health of New York 2012 Formulary (List of Covered Drugs)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN**

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

This document includes Senior Whole Health of New York's partial formulary as of 1/10/2012. For a complete, updated formulary, please visit our Web site at [www.seniorwholehealth.com](http://www.seniorwholehealth.com) or call 1-866-211-1777, Monday through Friday, from 8 A.M. to 8 P.M., and also on Saturdays and Sundays from October 15th to February 15th. TTY/TDD users should call 711.

Beneficiaries must use network pharmacies to access their prescription drug benefit. Benefits, formulary, pharmacy network, premium and/or copayments/coinsurance may change on January 1, 2013.

*Senior Whole Health of NY is a health plan with a Medicare contract and Medicaid contracts with New York State. Enrollment is voluntary. Please call us at the number listed above to receive material in alternate format or language.*

Please call Senior Whole Health of New York's Member Services at 1-866-211-1777, or TTY/ TTD 711 to receive material in alternate format or language.

**HPMS Approved Formulary File Submission ID 00012448, Version Number 11**

## **What is the Senior Whole Health of New York Formulary?**

A formulary is a list of covered drugs selected by Senior Whole Health of New York in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Senior Whole Health of New York will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Senior Whole Health of New York network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

This document is a partial formulary and includes only some of the drugs covered by Senior Whole Health of New York. For a complete listing of all prescription drugs covered by Senior Whole Health of New York, please visit our Web site at [www.seniorwholehealth.com](http://www.seniorwholehealth.com) or call 1-866-211-1777, Monday through Friday, from 8 A.M. to 8 P.M., and also on Saturdays and Sundays from October 15th to February 15th. Interpreter services and alternate format materials are available upon request. TTY/TDD users should call 711.

## **Can the Formulary change?**

Generally, if you are taking a drug on our 2012 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2012 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug. The enclosed formulary is current as of 1/10/2012. To get updated information about the drugs covered by Senior Whole Health of New York, please visit our Web site at [www.seniorwholehealth.com](http://www.seniorwholehealth.com) or call Member Services at 1-866-211-1777, Monday through Friday, from 8 A.M. to 8 P.M., and also on Saturdays and Sundays from October 15th to February 15th. Interpreter services and alternate format materials are available upon request. . TTY/TDD users should call 711.

All updates to the formulary, maintenance and non-maintenance, are provided on the web site [www.seniorwholehealth.com](http://www.seniorwholehealth.com) where you may review the changes or download the latest formulary information. If a change will impact a medication you are currently on then you will be notified through your monthly EOB. If you have questions please contact Member Services.

## How do I use the Formulary?

There are two ways to find your drug within the formulary:

### Medical Condition

The formulary begins on page 8. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Cardiovascular Medications. If you know what your drug is used for, look for the category name in the list that begins page 8. Then look under the category name for your drug.

### Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 125. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## What are generic drugs?

Senior Whole Health of New York covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Senior Whole Health of New York requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Senior Whole Health of New York before you fill your prescriptions. If you don't get approval, Senior Whole Health of New York may not cover the drug.
- **Quantity Limits:** For certain drugs, Senior Whole Health of New York limits the amount of the drug that Senior Whole Health of New York will cover. For example, Senior Whole Health of New York provides 34 tablets per prescription for Actos 15mg. This may be in addition to a standard one month or three month supply.

- **Step Therapy:** In some cases, Senior Whole Health of New York requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Senior Whole Health of New York may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Senior Whole Health of New York will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 7. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site at [www.seniorwholehealth.com](http://www.seniorwholehealth.com).

You can ask Senior Whole Health of New York to make an exception to these restrictions or limits. See the section, “How do I request an exception to the Senior Whole Health of New York’s formulary?” on page 4 for information about how to request an exception.

### **What are over-the counter (OTC) drugs?**

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan. Senior Whole Health of New York pays for certain OTC drugs. Senior Whole Health of New York will provide these OTC drugs at no cost to you. The cost to Senior Whole Health of New York of these OTC drugs will not count toward your total drug costs. If you have Medicaid, some over-the-counter drugs may also be available to you through Medicaid using your Medicaid Benefit ID card.

### **What if my drug is not on the Formulary?**

If your drug is not included in this list of covered drugs, you should first contact Member Services and ask if your drug is covered. This document includes only a partial list of covered drugs, so Senior Whole Health of New York may cover your drug. You can contact Member Services at 1-866-211-1777, Monday through Friday, from 8 A.M. to 8 P.M., and also on Saturdays and Sundays from October 15th to February 15th. Interpreter services and alternate format materials are available upon request. TTY/TDD users should call 711.

If you learn that Senior Whole Health of New York does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Senior Whole Health of New York. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Senior Whole Health of New York.
- You can ask Senior Whole Health of New York to make an exception and cover your drug. See below for information about how to request an exception.

### **How do I request an exception to the Senior Whole Health of New York’s Formulary?**

You can ask Senior Whole Health of New York to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

## Senior Whole Health of New York Abridged Formulary for 2012

- You can ask us to cover your drug even if it is not on our formulary.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Senior Whole Health of New York limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover more.

Generally, Senior Whole Health of New York will only approve your request for an exception if the alternative drugs included on the plan's formulary, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you are requesting a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescribing physician's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get your prescriber's or prescribing physician's supporting statement.

### **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with a 91-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

**For more information**

For more detailed information about your Senior Whole Health of New York prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Senior Whole Health of New York, please call Member Services at 1-866-211-1777, Monday through Friday, from 8 A.M. to 8 P.M., and also on Saturdays and Sundays from October 15th to February 15th. Interpreter services and alternate format materials are available upon request. TTY/TDD users should call 711. Or visit [www.seniorwholehealth.com](http://www.seniorwholehealth.com).

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY/TDD users should call 1-877-486-2048. Or, visit [www.medicare.gov](http://www.medicare.gov).

## Senior Whole Health of New York's Formulary

The abridged formulary that begins on the next page provides coverage information about some of the drugs covered by Senior Whole Health of New York. If you have trouble finding your drug in the list, turn to the Index that begins on page 125. Remember: This is only a partial list of drugs covered by Senior Whole Health of New York. If your prescription is not in this partial formulary, please visit our Web site at [www.seniorwholehealth.com](http://www.seniorwholehealth.com) or call Member Services at 1-866-211-1777, Monday through Friday, from 8 A.M. to 8 P.M., and also on Saturdays and Sundays from October 15th to February 15th. Interpreter services and alternate format materials are available upon request. . TTY/TDD users should call 711 for additional help.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., CRESTOR) and generic drugs are listed in lower-case italics (e.g., *simvastatin*).

The information in the Requirements/Limits column tells you if Senior Whole Health of New York has any special requirements for coverage of your drug.

- PAR: Prior Authorization
- QLL: Quantity Limit
- ST: Step Therapy
- LA: Lets you know that certain injectable, biotech, and/or biologic drugs may be filled through our Specialty Pharmacy.

Senior Whole Health of New York Abridged Formulary for 2012

The symbol [LA] next to a drug name indicates that the drug has been noted as being restricted to certain pharmacies by the Food and Drug Administration. These drugs can only be obtained at specialty designated pharmacies able to appropriately handle the drugs.

The symbol [PAR] in the Requirements/Limits column indicates that prior authorization may apply.

The symbol [QLL] in the Requirements/Limits column indicates that quantities dispensed may be limited.

The symbol [ST] in the Requirements/Limits column indicates that step therapy may apply.
