This directory provides a list of Senior Whole Health’s network providers and pharmacies.

This directory is for the counties listed below:

Nassau County
in New York

This directory is current as of 09/01/2019. Some providers and pharmacies may have been added or removed from our network after this directory was printed. We do not guarantee that each provider is still accepting new members. To get the most up-to-date information about Senior Whole Health’s network providers and pharmacies in your area or in our entire service area, visit www.seniorwholehealth.com/nynhc or call Member Services at 1-877-353-0185 (TTY 711) from 8 a.m. to 8 p.m., 7 days a week.

To access our online provider directory, visit our website.

You can get prescription drugs shipped to your home through our mail order delivery program. For more information, please contact us or refer to the mail order section of the directory.

If you have questions about any of the information provided, please contact us. Our contact information appears on the front and back covers.

Senior Whole Health of New York NHC is a Coordinated Care plan with a Medicare Advantage contract and a contract with the New York State Department of Health. Enrollment depends on contract renewal.

This information is available for free in other languages. Please call Member Services at 1-877-353-0185 (TTY 711) from 8 a.m. to 8 p.m., 7 days a week. This document is available in alternate formats such as Braille, large print, or audio.

Section 1 – Introduction

This directory provides a list of Senior Whole Health network providers and pharmacies. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

This directory includes Primary Care, Specialty Care, Hospitals, Skilled Nursing Facilities, Durable Medical equipment suppliers, Mental Health, Dental, Vision, Pharmacy Providers and other health care facilities in Nassau County in New York.

Your Primary Care Provider

You will have to choose one of our network providers who are listed in this directory to be your Primary Care Physician (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care services from your PCP. Your PCP is a licensed physician or nurse care practitioner who meets state requirements and is trained to give you basic medical care. You will get your routine or basic care from your PCP. Your PCP will also coordinate the rest of the covered services you get as a plan member. In some cases, your PCP will need to get prior authorization (preapproval) from our plan for services.

Choosing a Primary Care Provider (PCP)

You can select any PCP listed in this book that is accepting new patients. You can identify those by PCP’s by the • symbol located in the PCP listing.

To choose a PCP, go to the list of providers in the Primary Care Provider section of this book:

- Choose a provider that you use now, or
- Choose a provider who has been recommended by someone you trust, or
- Choose a provider whose offices are easy for you to get to.

To get the most up-to-date information about Senior Whole Health network of providers in your area, visit www.seniorwholehealth.com/NYNHC or call Member services at 1-877-353-0185 (TTY 711). If you want help in choosing a PCP, please call Member Services.

Network Providers

The network providers listed in this directory have agreed to provide you with your health care, dental, vision and long-term care services and supports. You may go to any of our network providers listed in this directory however, some services may require authorization. If you have been going to one network provider, you are not required to continue to go to that same provider.
Prior authorization for out-of-network providers

In some cases, you may get covered services from non-network providers. If it is not an emergency, it is very important to get a prior authorization from our plan before you see out-of-network providers. If you don’t have plan approval before you receive services from an out of network provider, Senior Whole Health of may not cover these services. If the provider wants you to come back for more care, check first to be sure that the approval from our plan covers more than one visit to the out-of-network provider.

We have network providers for all services covered under Original Medicare as well as vision and dental services. You can still receive covered services from non-network providers who do not have a signed contract with our plan, as long as those providers agree to accept plan’s terms and conditions of payment. See Chapter 3, Section 1.2 of your Evidence of Coverage for more information.

If you get a bill

If you decide to see a non-network provider, you may get a bill from the provider for the full cost of medical care you have received. You should send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. If you have already paid a bill to a network provider, send us the bill along with documentation of any payment you made and ask us to pay you back. Mail your request for payment together with any bills or receipts to:

Senior Whole Health of New York NHC
Attn: Member Services
P.O. Box 1624
Church Street Station
New York, NY 10008-1624

If you have questions, contact Member Services at 1-877-353-0185 (TTY 711).
What if I need Emergency Care?

You may get covered emergency medical care whenever you need it, anywhere in the United States or its territories. In an emergency, you should get care immediately. You do not have to contact your PCP or get prior authorization or a referral in an emergency. You can dial 911 for immediate help by phone, or go directly to the nearest emergency room, hospital, or urgent care center. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. Emergency care can always be received in or out of the service area from the nearest available provider.

A situation is a “medical emergency” if you reasonably believe that your health is in serious danger. It means that every second counts, some examples of “medical emergencies” are severe pain, a bad injury, a serious illness or a medical condition that is getting worse.

If you have an emergency, we will work with the doctors providing your care to manage follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

When the emergency is over, you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your condition and the circumstances allow.

What is Urgent Care?

“Urgently needed care” is a non-emergency, unforeseen medical illness, injury, or condition that requires immediate medical care. This could be a flare-up of a known condition like a flare-up of a chronic skin condition. When you are outside the service area and cannot get care from a network provider, our plan will cover urgently needed care that you get from a non-network provider.

You must use network providers except in an emergency or urgent care situation or for out-of-area renal dialysis. If you get routine care from out-of-network providers, neither Medicare nor Senior Whole Health will be responsible for the costs.

Our plan does not cover care received outside of the United States.
What is the service area for Senior Whole Health of New York NHC?

The counties in our service area are listed below.

Bronx County
Kings County
New York County
Queens County
Westchester County
Nassau County
How do you find Senior Whole Health providers in your area?

Plan, or network, providers can be found in this directory. They are listed by specialty, then by town. To find a provider, first look in the chapter that describes the kind of service you need, such as a PCP or dentist. Look alphabetically within that chapter for the specialty heading that describes the kind of provider you need. Then look for your town’s name or at the provider’s address to determine their location relative to your residence. If you are looking for a specific provider or facility, you can look them up by last name in the Index, also organized alphabetically.

The providers in this directory are only a subset of our full network and only lists network providers in the counties indicated on the cover. You may also request a complete Provider Directory of all the providers in our plan’s New York service areas. You can also view all network providers for our plan at www.seniorwholehealth.com/NYNHC.

If you have questions about Senior Whole Health or require assistance in selecting a PCP, please call our Member Service Department at 1-877-353-0185, 7 days a week from 8 a.m. to 8 p.m. TTY users should call 711. The call is free. You can also visit www.seniorwholehealth.com/NYNHC.
Section 2 – List of Network Providers

NOTE: Included in this Directory are PCP's and supplemental services including vision, dental and mental health providers.

The following list of providers shows all network Medicare, Medicaid and Pharmacy providers. This listing shows any non-English languages spoken in the provider office by the provider or office staff. Translation services are available for all providers through Senior Whole Health and some providers provide interpretive services through onsite staff. There are indicators on specific providers showing when the provider is accepting new patients, has a handicapped accessible office, or if interpretive services are provided in the office. These are examples of indicators. All indicators are listed and described on the bottom of each page.

All providers in this directory accept both Medicare and Medicaid.

The chart below will show you the total number of each type of provider (i.e., PCP, specialist, hospital, etc.).

Providers are listed in the following format

1. **Type of Provider:**
   Each of the provider types listed in the grid on the previous page(s) is included in the directory in a separate directory section. The providers within a section are listed in the following order.

2. **County:**
   The two counties included in the directory are listed alphabetically.

3. **City:**
   Providers are listed alphabetically by city within a county.

4. **Provider:**
   Each provider is listed alphabetically by last name.

**Section 3 – Network Pharmacies**

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to our members. In most cases, your prescriptions are covered under Senior Whole Health of New York NHC only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network. This list is current as of 09/01/2019. For the most current list, please call Member Services. Our contact information appears on the front and back cover pages.
### Retail and Chain Pharmacies

#### Albertson

**ALBERTSON PHARMACY**  
1028 Willis Ave  
Albertson, NY 11507

(866) 230-6912

TTY/TDD: 711

If you have used mail order services with your current plan or if you opt in now, our pharmacy will automatically fill and ship new prescriptions received directly from your doctors or other prescribers. You may opt out of automatic deliveries of new prescriptions at any time by contacting us. If you never had mail order delivery and/or decide to stop automatic fills of new prescriptions, we will contact you each time we get a new prescription from a provider to see if you want the medication filled and shipped at that time. This will give you an opportunity to make sure that the correct drug (including strength, amount and form) will be delivered and, if necessary, allow you to cancel or delay the order before you are billed and it is shipped.

For refills of your mail order prescriptions, please contact us 30 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time.

Typically, you should expect to receive your prescription drugs within 14 days from the time the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us.

- Handicapped accessible – wheelchair
- 24-hour pharmacy service
- Extended day supply available
Home Infusion Pharmacies are specialist pharmacies that provide only certain medications and supplies, specifically ordered by your physician and usually administered intravenously. The Home Infusion Pharmacy works with a Home Infusion Therapy provider to safely administer intravenous therapies that would otherwise be provided in a hospital, outpatient clinic or provider’s office.

Call Member Services if you have questions about home infusion pharmacy services.
